

YEAR 4 - YEARLY OVERVIEW

<p style="writing-mode: vertical-rl; transform: rotate(180deg);">Autumn</p>	<p>Number – Place Value</p> <p><u>Count in multiples of 6, 7, 9, 25 and 100.</u></p> <p>Find 1000 more or less than a given number.</p> <p>Recognise the place value of each digit in a four digit number (thousands, hundreds, tens and ones)</p> <p>Order and compare numbers beyond 1000</p> <p>Identify, represent and estimate numbers using different representations.</p> <p>Round any number to the nearest 10, 100 or 1000</p> <p>Solve number and practical problems that involve all of the above and with increasingly large positive numbers.</p> <p>Count backwards through zero to include negative numbers.</p> <p>Read Roman numerals to 100 (I to C) and know that over time, the numeral system changed to include the concept of zero and place value.</p>	<p>Number- Addition and Subtraction</p> <p>Add and subtract numbers with up to 4 digits using the formal written methods of columnar addition and subtraction where appropriate.</p> <p>Estimate and use inverse operations to check answers to a calculation.</p> <p>Solve addition and subtraction two step problems in contexts, deciding which operations and methods to use and why.</p>	<p>Measurement- Length and Perimeter</p> <p>Measure and calculate the perimeter of a rectilinear figure (including squares) in centimeters and meters</p> <p>Convert between different units of measure [for example, kilometer to meter]</p>	<p>Number- Multiplication and Division</p> <p>Recall and use multiplication and division facts for multiplication tables up to 12×12.</p> <p><u>Count in multiples of 6, 7, 9, 25 and 1000</u></p> <p>Use place value, known and derived facts to multiply and divide mentally, including: multiplying by 0 and 1; dividing by 1; multiplying together three numbers.</p> <p><u>Solve problems involving multiplying and adding, including using the distributive law to multiply two digit numbers by one digit</u>, integer scaling problems and harder correspondence problems such as n objects are connected to m objects.</p>

WHITE ROSE MATHS

<p style="writing-mode: vertical-rl; transform: rotate(180deg);">Spring</p>	<p>Number- Multiplication and Division Recall and use multiplication and division facts for multiplication tables up to 12×12.</p> <p>Use place value, known and derived facts to multiply and divide mentally, including: multiplying by 0 and 1; dividing by 1; multiplying together three numbers.</p> <p>Recognize and use factor pairs and commutativity in mental calculations. Multiply two digit and three digit numbers by a one digit number using formal written layout. Solve problems involving multiplying and adding, including using the distributive law to multiply two digit numbers by one digit, integer scaling problems and harder correspondence problems such as n objects are connected to m objects.</p>		<p style="writing-mode: vertical-rl; transform: rotate(180deg);">Measurement- Area Measurement-Area Find the area of rectilinear shapes by counting squares.</p>	<p>Fractions Recognize and show, using diagrams, families of common equivalent fractions.</p> <p>Count up and down in hundredths; recognize that hundredths arise when dividing an object by one hundred and dividing tenths by ten.</p>		<p>Decimals Recognize and write decimal equivalents of any number of tenths or hundredths.</p> <p>Find the effect of dividing a one or two digit number by 10 or 100, identifying the value of the digits in the answer as ones, tenths and hundredths</p> <p>Solve simple measure and money problems involving fractions and decimals to two decimal places.</p> <p>Convert between different units of measure [for example, kilometre to metre]</p>
	<p>Summer</p> <p>Decimals Compare numbers with the same number of decimal places up to two decimal places. Round decimals with one decimal place to the nearest whole number. Recognise and write decimal equivalents to $\frac{1}{10}$, $\frac{3}{10}$, $\frac{4}{10}$, $\frac{2}{10}$ and $\frac{4}{10}$ Find the effect of dividing a one or two digit number by 10 or 100, identifying the value of the digits in the answer as ones, tenths and hundredths</p>	<p>Measurement-Money Estimate, compare and calculate different measures, including money in pounds and pence. Solve simple measure and money problems involving fractions and decimals to two decimal places.</p>		<p>Time Convert between different units of measure [for example, kilometre to metre; hour to minute] Read, write and convert time between analogue and digital 12- and 24-hour clocks. Solve problems involving converting from hours to minutes; minutes to seconds; years to months; weeks to days.</p>	<p>Statistics Interpret and present discrete and continuous data using appropriate graphical methods, including bar charts and time graphs. Solve comparison, sum and difference problems using information presented in bar charts, pictograms, tables and other graphs.</p>	<p>Geometry- Properties of Shape Identify acute and obtuse angles and compare and order angles up to two right angles by size. Compare and classify geometric shapes, including quadrilaterals and triangles, based on their properties and sizes. Identify lines of symmetry in 2-D shapes presented in different orientations. Complete a simple symmetric figure with respect to a specific line of symmetry.</p>
